

task - postura

The Postura range has been designed with the complete wellbeing of the user in mind. With a back shape that provides full spinal support, back height adjustment for the perfect support position, and deep foam-cushioning of the dished seat for thigh support, Postura is designed to minimise physical effort and promote ergonomic efficiency. The robust synchro mechanism is lockable in five positions and can be adjusted to the user's weight. The perfect finish to this range is provided by an attractive modern fabric, optional height-adjustable and rotational arms, and optional chrome base.
